

Nevada is a pleasantly soft, snug and cosy antique leather. It is lightly buffed for an elegant tip effect and then sealed with wax, before a final milling. Nevada's stunning experience is particularly effective on large items of furniture such as couches. To know Nevada is to love it!

Application: Upholstery,
Leather goods

Thickness: 1.4 – 1.6 mm

Product type: Nubuck leather

Raw material: Central European bull hide

Tanning: Environmentally friendly mineral tanning

Care products: Mild Leather Cleaner,
Aniline Cream

Size: appr. 5 m² per whole hide

Minimum order quantity: 0.5 hide, appr. 2.5 m²

Available colors: 6 colors

Custom colors: MOQ 250 m² per color

TECHNICAL CHARACTERISTICS

REMARKS/TEST METHOD/REQUIREMENTS	NOMINAL VALUE
Colour Fastness to Rubbing DIN EN ISO 11640 (grey scale level 1-5) 50 tours, dry 20 tours, wet 20 tours, perspiration pH 8	 ≥ 3 ≥ 3 ≥ 3
Colour Fastness to Light DIN EN ISO 105-B02 (WBS-level)	≥ 3
Tear Strength (N/mm) DIN EN ISO 3377-1	≥ 20N
Fire Protection Standard DIN EN 1021 part 1+2	Passed

Quality test certificate in accordance to DGM guidelines 2016

The user is obliged to ensure that our products are suitable for the process and use in question. In any case, our liability is limited to the value of goods delivered by us and used by you. We provide products of consistent quality, according to our general terms of sale and distribution.

CLEAN & CARE INSTRUCTIONS

Cleaning

Nevada is a waxed and ironed nubuck leather with a typical vintage patina. The leather is thus warm and soft. In use, Nevada gets a beautiful patina, which is an intentional effect of this type of leather. For everyday cleaning, it is sufficient to occasionally dust off the leather with a feather duster or a dry dust cloth.

Fresh stains should be removed immediately using a soft cloth or paper towel. Removing new stains immediately reduces the risk of permanent stains. Be careful not to rub too hard.

Visible dirt and stains can be cleaned using a damp terry cloth and **Mild Leather Cleaner**. Put some cleaner on a soft cloth and rub in first. Then carefully clean the leather with circular movements from seam to seam. Not too wet and don't rub too hard to avoid stains. Always practice a cleaning test in a hidden area first and be especially careful with lighter leather.

For difficult stains, we recommend to contact a specialist before taking any actions. Damage can easily occur due to improper cleaning attempts.

Maintenance and Treatments

For maintenance, we recommend **Aniline Cream**. It prevents stains and dirt and keeps the leather soft and smooth. Rub a little bit of Aniline Cream into a terry cloth and maintain the leather with circular movements from seam to seam, then let it dry.

Depending on the strain, heat, and light intensity, the leather should be sparingly maintained every three to twelve months.
