

Original Neckleder is made from heavy, un-split bull hides. This leather is incredibly soft despite its thickness of 3 mm. The hides receive a distinctively coarse and natural tumble pattern through a final milling process. Original Neckleder is delicately finished, making it perfectly family friendly. Only a few companies are skilled enough to handle Original Neckleder, but those that can are rewarded with beautifully unique pieces of furniture.

Application: Upholstery,
leather goods

Thickness: +3 mm

Product type: Aniline, Slightly treated

Raw material: Premoum Central European bull hide

Tanning: Environmentally friendly mineral tanning

Care products: Mild Leather Cleaner,
Leather Protector

Size: appr. 5 m² per whole hide

Minimum order quantity: 1 hide, appr. 5 m²

Available colors: 13 colors

Custom colors: MOQ 150 m² per color

TECHNICAL CHARACTERISTICS

REMARKS/TEST METHOD/REQUIREMENTS	NOMINAL VALUE

The user is obliged to ensure that our products are suitable for the process and use in question. In any case, our liability is limited to the value of goods delivered by us and used by you. We provide products of consistent quality, according to our general terms of sale and distribution.

CLEAN & CARE INSTRUCTIONS

Cleaning

Original Neckleder is an easy-to-care leather with a deep graining. For everyday cleaning, it is sufficient to occasionally dust off the leather with a feather duster or a dry dust cloth.

Fresh stains should be removed immediately using a soft cloth or paper towel. Removing new stains immediately reduces the risk of permanent stains.

Visible dirt and stains can be cleaned using a damp terry cloth and **Mild Leather Cleaner**. Make sure that the cloth is not too wet to avoid watermarks. Always practice a cleaning test in a hidden area and be especially careful with lighter leather.

For difficult stains, we recommend to contact a specialist before taking any actions. Damage can easily occur due to improper cleaning attempts.

Maintenance and Treatments

For maintenance, we recommend **Leather Protector**. It's a protective cream with the necessary moisturizing oils and UV protection. It protects the leather from fading and keeps it soft.

Depending on the strain, heat, and light intensity, the leather should be sparingly maintained every three to twelve months.
