CLEAN & CARE INSTRUCTIONS

Cleaning

Rustik is an easy-to-care, strong leather. For everyday cleaning, it is sufficient to occasionally dust off the leather with a feather duster or a dry dust cloth.

Fresh stains should be removed immediately by gently dabbing with a soft cloth or paper towel. Removing new stains immediately reduces the risk of permanent stains.

Visible dirt and stains can be cleaned using a damp terry cloth and **Mild Leather Cleaner**. Make sure that the cloth is not too wet to avoid water marks. Always practice a cleaning test in a hidden area. Be especially careful with lighter leather.

For difficult stains, we recommend to contact a specialist before taking any actions. Damage can easily occur due to improper cleaning attempts.

Maintenance and Treatments

For maintenance, we recommend **Leather Protector**. It's a protective cream with the necessary moisturizing oils and UV protection. It protects the leather from fading and keeps it soft. Depending on the strain, heat, and light intensity, the leather should be sparingly maintained every three to twelve months.
