

Silver is marked by its incomparably full, creamy hand. Despite its thickness, Silver is smooth and elegant, boasting a unique radiant look, with a feel beyond the reach of a thin leather. It is among our very best leather products and is a high-grade, fully breathable aniline leather with a delicate finish. Silver is a masterful creation for leather enthusiasts – nature’s gift!

Application: Upholstery,
Leather goods

Thickness: 1.8 – 2.0 mm

Product type: Aniline, slightly treated

Raw material: Exclusive South German bull hide

Tanning: Environmentally friendly mineral tanning

Care products: Mild Leather Cleaner,
Leather Protector

Size: appr. 5 m² per whole hide

Minimum order quantity: 0.5 hide, appr. 2.5 m²

Available colors: 14 colors

Custom colors: MOQ 150 m² per color

TECHNICAL CHARACTERISTICS

REMARKS/TEST METHOD/REQUIREMENTS	NOMINAL VALUE
Colour Fastness to Rubbing DIN EN ISO 11640 (grey scale level 1-5) 100 tours, dry 40 tours, wet 30 tours, perspiration pH 8	≥ 3 ≥ 3 ≥ 3
Colour Fastness to Light DIN EN ISO 105-B02 (WBS-level)	≥ 3
Tear Strength (N/mm) DIN EN ISO 3377-1	≥ 20N
Flexing Endurance, dry DIN EN ISO 5402 (20.000 bucklings)	No cracks
Fire Protection Standard DIN EN 1021 part 1+2	Passed

Quality test certificate in accordance to DGM guidelines 2016

The user is obliged to ensure that our products are suitable for the process and use in question. In any case, our liability is limited to the value of goods delivered by us and used by you. We provide products of consistent quality, according to our general terms of sale and distribution.

CLEAN & CARE INSTRUCTIONS

Cleaning

Silver is a high quality soft leather with a fine wax finish. Due to the very thin protective layer, this leather is pleasantly warm, but not too sensitive. For everyday cleaning, it is sufficient to occasionally dust off the leather with a feather duster or a dry dust cloth.

Fresh stains should be removed immediately using a soft cloth or paper towel. Removing new stains immediately reduces the risk of permanent stains.

Visible dirt and stains can be cleaned using a damp terry cloth and **Mild Leather Cleaner**. Make sure that the cloth is not too wet to avoid watermarks. Always practice a cleaning test in a hidden area first and be especially careful with lighter leather.

For difficult stains, we recommend to contact a specialist before taking any actions. Damage can easily occur due to improper cleaning attempts.

Maintenance and Treatments

For maintenance, we recommend **Leather Protector**. It's a protective cream with the necessary moisturizing oils and UV protection. It protects the leather from fading and keeps it soft.

Depending on the strain, heat, and light intensity, the leather should be sparingly maintained every three to twelve months.
